

2010 Krishnamurti Summer Study-Intensive & Retreat 7-Day Immersive Program at The Krishnamurti Educational Centre of Canada, Swanwick, Vancouver Island, Canada

The Birth of Intelligence & the Challenge of the Unknown

*An Exploration into "Seeing and Listening" as the Action of Intelligence that can Penetrate
the Hidden Operations of the Mind, and Unlock the Mystery of the Unknown*

Sunday, AUGUST 1 to Saturday, AUGUST 7, 2010

**A Rare Opportunity for Adults and College Students to Study & Retreat for 7-days
at the beautiful 32 acre Ocean-Front Krishnamurti Educational Centre**

Come join us for our second 7-day residential study-intensive and retreat program at the Krishnamurti Educational Centre at Swanwick.

We offer a unique opportunity to enter into a shared exploration of J.Krishnamurti's life-changing teachings.

This program has been carefully designed to give each participant the maximum opportunity to inquire and probe as we journey together into the hidden operations of the mind.

Within the twice-daily interactive dialogue process, we will work together to discover for ourselves what is preventing us from awakening a new mind, a mind that is creative, free of problems, conflicts and confusion.

SARA: "I feel the program is so important for inquiry, understanding ourselves, considering the way the world is today! The way it was facilitated and the affection that grew over the week made a real difference in bringing our inquiry back to each one of us and allowing our own insights to arise. Swanwick also has such beautiful grounds, with it's trails, wildlife, pond and open spaces. The right balance exists in the program for shared inquiry, self-inquiry, nature, reading, meditation and rest."

PAMELA: "The honesty and sincerity Richard, Deborah and Satish manifest as we move through the dialogues, allows us to explore freely, to go deeper and deeper into the teachings, without any sense of authority or judgment present. Each day I realized more completely what a unique opportunity the dialogues offered us to explore into the heart of the teachings. Swanwick was a wonderful discovery."

Registration Fee: \$35.

Tuition Fee: \$900.

**College Student Discounted
Scholarship Tuition Fee: \$600.**
